August 2008
Summary

This report to Congress is provided in accordance with Section 608(a) of the Millennium Challenge Act of 2003, 22 U.S.C. §§7701, 7707 (a) (Act).

The Act authorizes the provision of Millennium Challenge Account (MCA) assistance to countries that enter into Compacts with the United States to support policies and programs that advance the progress of such countries achieving lasting economic growth and poverty reduction. The Act requires Millennium Challenge Corporation (MCC) to take a number of steps in determining the countries that will be eligible for MCA assistance for Fiscal Year (FY) 2009 based on a country’s demonstrated commitment to (i) just and democratic governance, (ii) economic freedom and investing in their people, and (iii) the opportunity to reduce poverty and generate economic growth in the country. These steps include the submission of reports to the congressional committees specified in the Act and the publication of notices in the Federal Register that identify:

1. The countries that are “candidate countries” for MCA assistance for FY 2009 based on their per-capita income levels and their eligibility to receive assistance under U.S. law and countries that would be candidate countries but for specified legal prohibitions on assistance (Section 608(a) of the Act);

2. The criteria and methodology that the MCC Board of Directors (Board) will use to measure and evaluate the relative policy performance of the “candidate countries” consistent with the requirements of subsections (a) and (b) of Section 607 of the Act in order to select “MCA eligible countries” from among the “candidate countries” (Section 608(b) of the Act); and

3. The list of countries determined by the Board to be “MCA eligible countries” for FY 2009, with a justification for such eligibility determination and selection for compact negotiation, including which of the MCA eligible countries the Board will seek to enter into MCA Compacts (Section 608(d) of the Act).

This report is the first of three required reports listed above.

Candidate Countries for FY 2009

The Act requires the identification of all countries that are candidates for MCA assistance for FY 2009 and the identification of all countries that would be candidate countries but for specified legal prohibitions on assistance. Sections 606(a) and (b) of the Act provide that for FY 2009 a country shall be a candidate for the MCA if it:

★ Meets one of the following two income level tests:

* Has a per capita income equal to or less than the historical ceiling of the International Development Association eligibility for the fiscal year involved (or $1,785 gross national income (GNI) per capita for FY 2009) (the “low income category”); or
Pursuant to Section 606(c) of the Act, the Board has identified the following countries as candidate countries under the Act for FY 2009. In so doing, the Board has anticipated that prohibitions against assistance as applied to countries in the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2008 (Div. J, Pub.L. 110-161 (“FY 2008 SFOAA”)), will again apply for FY 2009, even though the Department of State, Foreign Operations, and Related Programs Appropriations Act for FY 2009 has not yet been enacted and certain findings under other statutes have not yet been made. As noted below, MCC will provide any required updates on subsequent changes in applicable legislation or other circumstances that affects the status of any country as a candidate country for FY 2009.
