The Government of the Republic of the Philippines, acting through the Department of Finance (hereinafter referred to as the "Grantee")

Article 1: Purpose

The purpose of this Strategic Objective Grant Agreement ("Agreement") is to set out the understanding of the parties named above (the "Parties") about the Strategic Objective described below.

Article 2: Strategic Objective and Results

Section 2.1. Strategic Objective. The strategic objective ("Strategic Objective" or "Objective") is to improve revenue administration and anti-corruption efforts in the Philippines.

This Section 2.1 may not be changed except by formal written amendment to this Agreement by the Authorized Representatives, as defined in Section 6.3.

Section 2.2. Results. In order to achieve the Objective, the Parties agree to work together to achieve the following results (each a "Result" and collectively, the "Results"):

- (a) Reduce opportunities for corruption throughout the government; and
- (b) Improve the ability of the authorities to expose violators and increase compliance with the laws by both taxpayers and officials of the revenue collection agencies.

This Section 2.2 may not be changed except by formal written amendment to this Agreement by the Authorized Representatives.

Section 2.3. Annex 1, Amplified Description. Annex 1, attached hereto, forms part of this Agreement and amplifies the above Objective and Results. Within the limits of the above definitions of the Objective in Section 2.1 and the Results in Section 2.2, Annex 1 may be changed only by written agreement of the Authorized Representatives, without formal amendment of this Agreement.

Article 3: Contributions of the Parties

Section 3.1. USAID Contribution. *The Grant*. To help achieve the Objective set forth in this Agreement, USAID, hereby grants, subject to the terms and conditions set forth herein, and pursuant to the Foreign Assistance Act of 1961, as amended, and Section 616 of the Millennium Challenge Act of 2003, to the Grantee an amount not to exceed twenty million six hundred eighty-five thousand United States ("U.S.") dollars (\$20,685,000) (the "Grant").

Section 3.2. Grantee Contribution. The Grantee shall provide or cause to be provided all funds, in addition to those provided by USAID and any other donor identified in Annex 1, and all other resources required to complete, on or before the Completion Date, all activities necessary to achieve the Results. Grantee support shall include, but shall not be limited to, all organizational costs associated with achieving the Results.

Article 4: Completion Date

(a) The Completion Date, September 30, 2008, or such other date as the Parties may agree to in writing, is the date by which the Parties estimate that all the activities necessary to achieve the Objective and Results will be completed.

(b) Except as USAID may otherwise agree to in writing, USAID will not issue or approve documentation which would authorize disbursement of the Grant for services performed or goods furnished after the Completion Date.

(c) Requests for disbursement, accompanied by necessary supporting documentation prescribed in Implementation Letters, are to be received by USAID no later than nine (9) months following the Completion Date, or such other period as USAID agrees to in writing. After such period, USAID, at any time or times, may give notice in writing to the Grantee and reduce the amount of the Grant by all or any part thereof for which requests for disbursement, accompanied by necessary supporting documentation prescribed in Implementation Letters, were not received before the expiration of such period.

Article 5: Conditions Precedent to Disbursement

ANNEX 1 AMPLIFIED DESCRIPTION

I. INTRODUCTION

This Annex 1 describes the activities to be undertaken and the Results to be achieved with the funds obligated under this Agreement. Nothing in this Annex 1 shall be construed as amending any of the definitions or terms of the Agreement.

II. BACKGROUND

In November 2004, the Millennium Challenge Corporation (“MCC”) selected the Philippines as eligible to receive MCC Threshold program assistance. In response to MCC’s invitation, the Government of the Republic of the Philippines (the “Government”) submitted its Threshold Country Plan to MCC in April 2006.

In June 2006, the Board of Directors of MCC approved Threshold program assistance for the Philippines as set forth in this Agreement (the “Program”). The Program focuses on improving revenue administration and anti-corruption efforts and is consistent with the “Medium-Term Philippine Development Plan, 2004-2010,” which was developed under the guidance of President Gloria Macapagal-Arroyo and released in October 2004. Under the Program, the Government will further accelerate the pace of sustainable and continuous efforts to stamp out corruption, plug revenue leaks, increase tax collection, and ultimately channel more resources to poverty reduction programs such as in healthcare, education and social services.

The Program will reduce corruption by strengthening the Office of the Ombudsman and strengthening enforcement within three areas of the Department of Finance – the Revenue Integrity Protection Service (RIPS), the Bureau of Internal Revenue (BIR), and the Bureau of Customs.

III. STRATEGIC OBJECTIVE; RESULTS TO BE ACHIEVED

The Strategic Objective of this Agreement is to improve revenue administration and anti-corruption efforts in the Philippines. In order to achieve the Objective, the following Results must be achieved for the respective Program components:

- A. Strengthen the Office of the Ombudsman
- B. Strengthen the Department of Finance

IV. ACTIVITIES

The Program will involve two components and their associated activities:

Component 1. Strengthen the Office of the Ombudsman: The Ombudsman has the authority to investigate and prosecute high-level government officials before the appropriate court. Funding has increased significantly for the office, resulting in dramatic increases in staff and requirements for additional training and equipment in order to be effective.

Objective: Reduce opportunities for corruption throughout the government by training Ombudsman employees and establishing information management and investigation and surveillance capability. The component also aims to reduce the deficit by reducing the cost of government operations and by obtaining higher revenues as revenue collection officials develop a stronger incentive to be honest.

Activities:

- A. Expand the Ombudsman training program for new hires and provide advanced courses for previously trained employees.
- B. Improve information management by internally connecting the six existing Ombudsman offices via a Local Area Network and a Wide Area Network.
- C. Strengthen investigation and surveillance capability of the Ombudsman by providing training and acquiring equipment such as cameras, optic and electronic devices.
- D. Train teachers to provide an anti-corruption module in public school curriculums.
- E. Establish a mediation system to unclog the investigation-prosecution process.

Component 2. Strengthen the Department of Finance: To address corruption, the Department of Finance is simultaneously conducting anti-corruption drives in three separate areas: the Department of Finance itself through its Revenue Integrity Protection Service (RIPS) unit, the Bureau of Internal Revenue through its Run After Tax Evaders (RATE) unit, and the Bureau of Customs through its Run After The Smugglers! (RATS) unit. All three units were recently organized and given increased resources to increase the Government's enforcement ability. Additional resources are needed to increase their effectiveness.

Objective: Improve the ability of the RIPS, RATE, and RATS units to expose violators and increase compliance with the laws by both taxpayers and officials of the revenue collection agencies.

1. *Improve the investigative skills of the RIPS staff to strengthen and increase the number of cases filed against corrupt officials within the revenue generating agencies under the Department of Finance by investigating and conducting lifestyle checks.*

Activities:

- A. Train and mobilize RIPS staff including basic training and advanced training courses.
 - B. Strengthen the investigation and surveillance capacity by providing surveillance equipment such as cameras, optic and electronic devices, which will reduce backlogs in case development and prosecution.
 - C. Improve information security to safeguard evidence and documents by designing and installing a security system.
2. *Institutionalize the RATE program within the Bureau of Internal Revenue to deter tax evasion.*

Activities:

- A. Strengthen and sustain the RATE program by improving the investigative and prosecutorial skills of BIR personnel through local and overseas training programs on illegal activities, evidence needed to prove a tax case, and how to investigate and document a case.
 - B. Fundamentally reform the processes associated with taxpayer registration and filing, and expanding computerization to allow for a substantial increase in effectiveness of RATE investigations.
 - C. Automate the Human Resource Information System to enable BIR management to allocate human resources more effectively, improve work efficiency of BIR staff, and evaluate and monitor performance.
3. *Strengthen the capability of the Bureau of Customs (BOC) through the RATS program to investigate, prosecute, and deter violators of the Tariff and Customs Code and trade-related laws.*

Activities:

- A. Train BOC staff under the RATS program on profiling, case evaluation and litigation.
- B. Improve information management and document security.
- C. Develop a RATS database for customs personnel with disaggregated information to better develop cases.
- D. Institutionalize and strengthen the Customs Accreditation Secretariat to conform with international standards by training staff in areas such as financial evaluation and document validation, as well as centralizing and integrating accreditation systems that will eventually connect with other systems globally.
- E. Harmonize customs law, rules and regulations to ensure that the Tariff and Customs Code of the Philippines is attuned to developments in worldwide customs administration.

- F. Establish an Integrity Action Plan to promote ethical and professional behavior within the Bureau of Customs.
- G. Establish an Internal Control Unit to ensure that all Bureau of Customs units perform their respective mandates in accordance with key performance objectives.

V. ROLES AND RESPONSIBILITIES

A. GOVERNMENT

In connection with the implementation of the activities under this Agreement, the Government shall use its very best efforts to ensure that the Results and the Objective are achieved, as contemplated in this Agreement.

In furtherance of, but without limiting the foregoing, the Government shall: (a) pay for the annual salaries and organizational costs of the Government staff assigned to oversee the Program; (b) provide office space for staff of selected Implementing Partners (as defined below); (c) provide Program monitoring; and (d) ensure budget support and replication of lessons learned to sustain Program activities after the Completion Date and expand to other areas.

B. USAID

USAID will work closely with the Government (specifically the Department of Finance) to assist the Government to successfully implement the Program and achieve the Results and the Objective contemplated by this Agreement.

USAID will enter into one or more agreements with one or more third-party implementing partners (each, an "Implementing Partner") to implement the Program. Such agreements may include grants, cooperative agreements, and contracts. The Implementing Partners may be local, United States, international or multi-national, governmental or nongovernmental, organizations or persons. USAID will select the Implementing Partners in accordance with USAID regulations and policies and in consultation with representatives of the Government and MCC.

USAID will monitor performance under such agreements and will oversee the performance of the Implementing Partners and progress toward achievement of the Results.

C. IMPLEMENTING PARTNERS

USAID will select the Implementing Partners in consultation with the Grantee and will ensure that the Implementing Partners carry out the implementation of the Program in conformance with this Agreement and report directly to USAID. Each agreement between USAID and an Implementing Partner that is an organization will be consistent

with this Agreement and will include a monitoring and evaluation plan, including indicators, targets and outputs.

D. MCC

USAID and the Government acknowledge and understand that MCC has charged USAID with responsibility for administering and overseeing the implementation of this Agreement under MCC principles of country ownership, accountability and emphasis on results. USAID and the Government acknowledge and agree that MCC shall have no rights or obligations under this Agreement.

VI. FINANCIAL PLAN

The financial plan (the “Financial Plan”) for the Program is set forth below. Changes may be made to the Financial Plan in writing by the Authorized Representatives without formal amendment to the Agreement, if such changes do not cause USAID’s contribution to exceed the amount specified in Section 3.1 of the Agreement.

Program Component	USAID Contribution (in U.S. Dollars)
Strengthening the Office of the Ombudsman	\$6,475,000
Strengthening the Department of Finance	
Revenue Integrity Protection Service (RIPS) Unit	\$1,425,000
Run After The Tax Evaders (RATE)	\$9,400,000
Run After The Smugglers (RATS)	\$3,135,000
Monitoring and Evaluation	\$ 250,000
TOTAL	\$20,685,000

VII. MONITORING AND EVALUATION

Program monitoring and evaluation will be based on quantitative as well as qualitative factors, and shall be carried out by the Department of Finance with technical assistance provided under this Agreement by the Implementing Partners and USAID.

Achievement of the Results and the Strategic Objective shall be measured based upon the following performance indicators and targets:

1. Increase the conviction rate in corruption cases filed before the anti-graft court (*Sandiganbayan*) on a cumulative basis from 30 percent to 40 percent.
2. Increase the number of cases successfully mediated in the Ombudsman’s Public Assistance Office from 0 to 300 per year.
3. Increase the number of RIPS cases filed from 13 to 50.

4. Increase the number of officials charged by RIPS who were suspended by the Ombudsman from 6 to 35.
5. Increase the percentage of income tax returns filed by professionals and the self-employed by 10 percent.
6. Increase the percentage of corporate tax returns filed by 10 percent.
7. Increase the number of RATE cases filed with the Department of Justice from 44 to 116.
8. Increase the number of cases filed by RATS with the Department of Justice from 9 to 24 per year.
9. Increase in RATS cases filed by the Department of Justice with the Court of Tax Appeals from 2 to 15 per year.

The Government will also use additional indicators on corruption in tax administration and customs drawn from MCC's "Control of Corruption" indicator to measure program effectiveness.

Additionally, the Government shall monitor all outputs to ensure that performance is consistent with this Agreement.

Standard Provisions

Article A: Definitions and Implementation Letters.

Section A.1. Definitions. As used in this Annex, the "Agreement" refers to the Strategic Objective Grant Agreement, including Annex 1 thereto, to which this Annex is attached and of which this Annex forms a part. Capitalized terms used and not otherwise defined in this Annex have the same meaning or reference as in the Agreement.

Section A.2. Implementation Letters. To assist the Grantee in the implementation of the Agreement, USAID, from time to time, will furnish additional information about matters stated in this Agreement. The Parties may also issue jointly agreed-upon Implementation Letters to confirm and record their mutual understanding on aspects of the implementation of this Agreement. Implementation Letters can also be issued to record revisions or exceptions which are permitted by the Agreement.

Article B: General Covenants.

Section B.1. Consultation. The Parties will cooperate to assure that the Objective and Results of this Agreement will be accomplished. To this end, the Parties, at the request of either, will exchange views on progress towards the Objective and Results, the performance of obligations under this Agreement, the performance of any consultants, contractors, or suppliers engaged under the Agreement, and other matters relating to the Agreement.

Section B.2. Execution of Agreement. The Grantee will:

(a) Carry out the Agreement or cause it to be carried out with due diligence and efficiency, in conformity with sound technical, financial, and management practices, and in conformity with those documents, plans, specifications, contracts, schedules, or other arrangements, and with any modifications therein, approved by USAID pursuant to this Agreement; and

(b) Provide qualified and experienced management for, and train such staff as may be appropriate for the maintenance and operation of activities financed under the Agreement, and, as applicable for continuing activities, cause those activities to be operated and maintained in such manner as to assure the continuing and successful achievement of the Objective and Results of the Agreement.

Section B.3. Utilization of Goods and Services.

(a) Any goods and services financed under this Agreement, unless otherwise agreed in writing by USAID, will be devoted to the Agreement until the completion or termination of the Agreement, and thereafter (as well as during any period of suspension

of the Agreement) will be used to further the Objective of the Agreement and as USAID may direct in Implementation Letters.

(b) Goods or services financed under this Agreement, except as USAID may otherwise agree in writing, will not be used to promote or assist a foreign aid project or activity associated with or financed by a country not included in USAID Geographic Code 935 as in effect at the time of such use.

Section B.4. Taxation.

(a) General Exemption. The Agreement and the assistance thereunder are free from any taxes imposed under laws in effect in the territory of the Grantee.

(b) Except as provided otherwise in this provision, the General Exemption in subsection (a) applies to, but is not limited to (1) any activity, contract, grant or other implementing agreement financed by USAID under this Agreement; (2) any transaction or supplies, equipment, materials, property or other goods (hereinafter collectively "goods") under (1) above; (3) any contractor, grantee, or other organization carrying out activities financed by USAID under this Agreement; (4) any employee of such organizations; and (5) any individual contractor or grantee carrying out activities financed by USAID under this Agreement.

(c) Except as provided otherwise in this provision, the General Exemption in subsection (a) applies to, but is not limited to, the following taxes:

(1) Exemption 1. Customs duties, tariffs, import taxes, or other levies on the importation, use and re-exportation of goods or the personal belongings and effects (including personally-owned automobiles) for the personal use of non-national individuals or their family members. Exemption 1 includes, but is not limited to, all charges based on the value of such imported goods, but does not include service charges directly related to services performed to transfer goods or cargo.

(2) Exemption 2. Taxes on the income, profits or property of all (i) non-national organizations of any type, (ii) non-national employees of national and non-national organizations, or (iii) non-national individual contractors and grantees. Exemption 2 includes income and social security taxes of all types and all taxes on the property, personal or real, owned by such non-national organizations or persons. The term "national" refers to organizations established under the laws of the Grantee and citizens of the Grantee, other than permanent resident aliens in the United States.

(3) Exemption 3. Taxes levied on the last transaction for the purchase of goods or services financed by USAID under this Agreement, including sales taxes, value-added taxes (VAT), or taxes on purchases or rentals of real or personal property. The term "last transaction" refers to the last transaction by which the goods or services were purchased for use in the activities financed by USAID under this Agreement.

(d) If a tax has been levied and paid contrary to the provisions of an exemption, USAID may, in its discretion, (1) require the Grantee to refund to USAID or to others as USAID may direct the amount of such tax with funds other than those provided under the Agreement, or (2) offset the amount of such tax from amounts to be disbursed under this or any other agreement between the Parties.

(e) In the event of a disagreement about the application of an exemption, the Parties agree to promptly meet and resolve such matters, guided by the principle that the assistance furnished by USAID is free from direct taxation, so that all of the assistance furnished by USAID will contribute directly to the economic development of the country of the Grantee.

Section B.5. Reports and Information, Agreement Books and Records, Audits, and Inspections.

(a) Reports and Information. The Grantee shall furnish USAID accounting records and such other information and reports relating to the Agreement as USAID may reasonably request.

(b) Grantee Agreement Books and Records. The Grantee shall maintain accounting books, records, documents and other evidence relating to the Agreement, adequate to show, without limitation, all costs incurred by the Grantee under the Agreement, the receipt and use of goods and services acquired under the Agreement by the Grantee, agreed-upon cost sharing requirements, the nature and extent of solicitations of prospective suppliers of goods and services acquired by the Grantee, the basis of award of Grantee contracts and orders, and the overall progress of the Agreement toward completion ("Agreement books and records"). The Grantee shall maintain Agreement books and records in accordance with generally accepted accounting principles prevailing in the United States, or at the Grantee's option, with approval by USAID, other accounting principles, such as those (1) prescribed by the International Accounting Standards Committee (an affiliate of the International Federation of Accountants) or (2) prevailing in the country of the Grantee. Agreement books and records shall be maintained for at least three years after the date of last disbursement by USAID or for such longer period, if any, required to resolve any litigation, claims or audit findings.

(c) Grantee Audit. If \$300,000 or more of USAID funds are expended directly by the Grantee in its fiscal year under the Agreement, the Grantee shall have financial audits made of the expenditures in accordance with the following terms, except as the Parties may otherwise agree in writing:

(1) With USAID approval, the Grantee shall use its Supreme Audit Institution or select an independent auditor in accordance with the "Guidelines for Financial Audits Contracted by Foreign Recipients" issued by the USAID Inspector General ("Guidelines"), and the audits shall be performed in accordance with the "Guidelines"; and

(2) The audit shall determine whether the receipt and expenditure of the funds provided under the Agreement are presented in accordance with generally accepted accounting principles agreed to in section (b) above and whether the Grantee has complied with the terms of the Agreement. Each audit shall be completed no later than nine months after the close of the Grantee's year under audit.

(d) Sub-recipient Audits. The Grantee, except as the Parties may otherwise agree in writing, shall submit to USAID, in form and substance satisfactory to USAID, a plan for the audit of the expenditures of "covered" sub-recipients, as defined below, that receive funds under this Agreement pursuant to a direct contract or agreement with the Grantee.

(1) A "covered" sub-recipient is one who expends \$300,000 or more in its fiscal year in "USAID awards" (i.e., as recipients of USAID cost reimbursable contracts, grants or cooperative agreements and as sub-recipients under USAID strategic objective and other grant agreements with foreign governments).

(2) The plan shall describe the methodology to be used by the Grantee to satisfy its audit responsibilities for covered sub-recipients. The Grantee may satisfy such audit responsibilities by relying on independent audits of the sub-recipients; expanding the scope of the independent financial audit of the Grantee to encompass testing of sub-recipients' accounts; or a combination of these procedures.

(3) The plan shall identify the funds made available to covered sub-recipients that will be covered by audits conducted in accordance with other audit provisions that would satisfy the Grantee's audit responsibilities. (A nonprofit organization organized in the United States is required to arrange for its own audits. A for-profit contractor organized in the United States that has a direct contract with USAID is audited by the cognizant U.S. Government Agency. A private voluntary organization organized outside the United States with a direct grant from USAID is required to arrange for its own audits. A host-country contractor should be audited by the Grantee's auditing agency.)

(4) The Grantee shall ensure that covered sub-recipients under direct contracts or agreements with the Grantee take appropriate and timely corrective actions; consider whether sub-recipients' audits necessitate adjustment of its own records; and require each such sub-recipient to permit independent auditors to have access to records and financial statements as necessary.

(e) Audit Reports. The Grantee shall furnish or cause to be furnished to USAID an audit report for each audit arranged for by the Grantee in accordance with this Section within 30 days after completion of the audit and no later than nine months after the end of the period under audit.

(f) Other Covered Sub-recipients. For "covered" sub-recipients who receive funds under the Agreement pursuant to direct contracts or agreements with USAID, USAID

will include appropriate audit requirements in such contracts or agreements and will, on behalf of the Grantee, conduct the follow-up activities with regard to the audit reports furnished pursuant to such requirements.

(g) Cost of Audits. Subject to USAID approval in writing, costs of audits performed in accordance with the terms of this Section may be charged to the Agreement.

(h) Audit by USAID. USAID retains the right to perform the audits required under this Agreement on behalf of the Grantee by utilizing funds under the Agreement or other resources available to USAID for this purpose, conduct a financial review, or otherwise ensure accountability of organizations expending USAID funds regardless of the audit requirement.

(i) Opportunity to Audit or Inspect. The Grantee shall afford authorized representatives of USAID the opportunity at all reasonable times to audit or inspect activities financed under the Agreement, the utilization of goods and services financed by USAID, and books, records and other documents relating to the Agreement.

(j) Sub-recipient Books and Records. The Grantee will incorporate paragraphs (a), (b), (d), (e), (g), (h) and (i) of this provision into all sub-agreements with non-U.S. organizations which meet the \$300,000 threshold of paragraph (c) of this provision. Sub-agreements with non-U.S. organizations, which do not meet the \$300,000 threshold, shall, at a minimum, incorporate paragraphs (h) and (i) of this provision. Sub-agreements with U.S. organizations shall state that the U.S. organization is subject to the audit requirements contained in OMB Circular A-133.

Section B.6. Completeness of Information. The Grantee confirms:

(a) that the facts and circumstances of which it has informed USAID, or caused USAID to be informed, in the course of reaching agreement with USAID on the Agreement, are accurate and complete, and include all facts and circumstances that might materially affect the Agreement and the discharge of responsibilities under this Agreement; and

(b) That it will inform USAID in timely fashion of any subsequent facts and circumstances that might materially affect, or that it is reasonable to believe might so affect, the Agreement or the discharge of responsibilities under this Agreement.

Section B.7. Other Payments. Grantee affirms that no payments have been or will be received by any official of the Grantee in connection with the procurement of goods or services financed under the Agreement, except fees, taxes, or similar payments legally established in the country of the Grantee.

Section B.8. Information and Marking. The Grantee will give appropriate publicity to the Agreement as a program to which the United States has contributed,

identify Agreement activity sites, and mark goods financed by USAID, as described in Implementation Letters.

Article C: Procurement Provisions.

Section C.1. Source and Origin.

(a) Disbursements under this Agreement will be used exclusively to finance the costs of goods and services required for the Agreement having, with respect to goods, their source and origin and, with respect to the suppliers of goods and services, their nationality, in countries included in Geographic Code 935 as in effect at the time orders are placed or contracts entered into for such goods or services, except as USAID may otherwise agree in writing and as follows:

(1) Ocean transportation costs shall be financed under the Agreement only on vessels under flag registry of countries included in Geographic Code 935. Also see Section C.6 on use of U.S. flag vessels.

(2) The country of the Grantee is an eligible source for marine insurance.

(b) The source and origin of ocean and air shipping will be deemed to be the ocean vessel's or aircraft's country of registry at the time of shipment.

(c) Provisions concerning restricted and ineligible goods and services may be provided in an Implementation Letter.
